## Armory Ridge Custom Home

This exceptional Edwardian-style home flaunts the influence of classic turn-of-the-century architecture here in the Northwest while showcasing the latest insulation and build technologies. Incredibly spacious at over 4000 square feet, the grand layout of this floor plan manages to be spacious yet surprisingly intimate. 9' ceilings, a grand staircase and a master suite with private balcony ensure a home that takes care of you instead of needing you to take care of it.

3 Bedroom, 3.5 Bath  
4010 sq ft

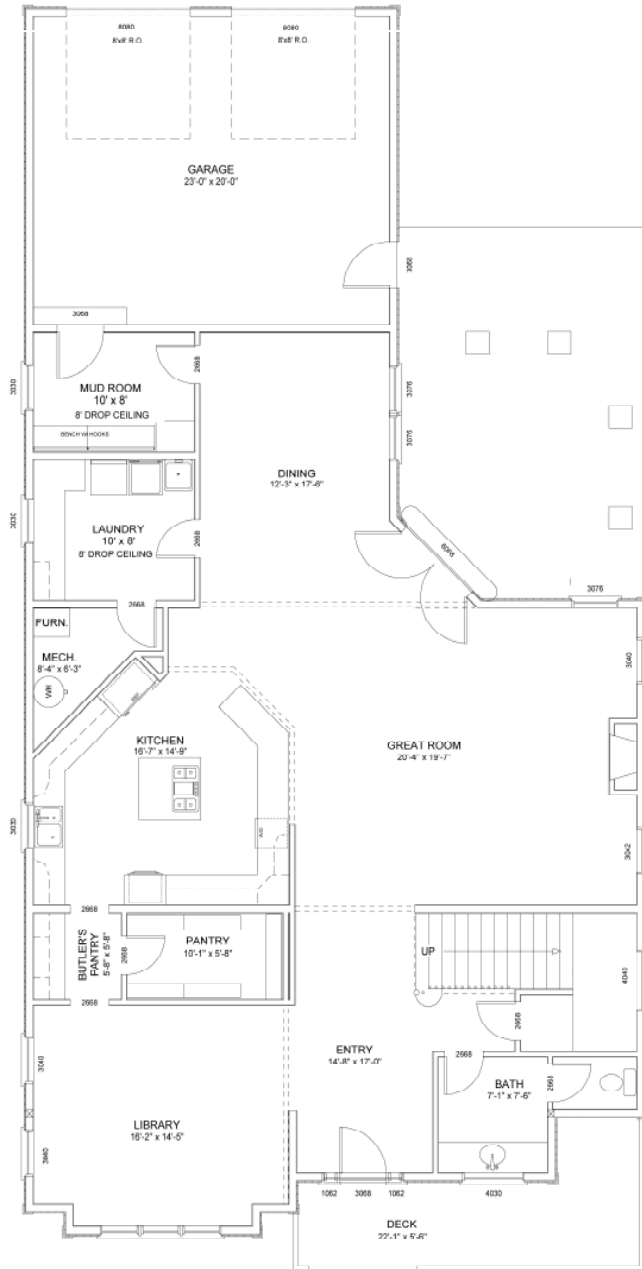

Entertainer's Kitchen  
Huge Master Suite

Ridgeline Construction is a design-build construction company located in beautiful Coeur d'Alene, Idaho. We have been building quality homes in North Idaho and Eastern Washington since 2004. Many of our dedicated staff have been working in the construction industry in Coeur d'Alene for over 20 years. Our projects have received numerous awards for both design and construction and our company has been featured in trade magazines and newspapers. We have designs that range from under 1000 square feet to over 4000. Ridgeline is a true custom-home builder, not a commercial company trying to build residential homes or a tract-house builder trying to build customs. As such, we can customize any of our plans to fit your specific needs. Or we can start with a clean sheet of paper and design the exact home of your dreams. Please speak with one of our sales reps or call us at 208-651-4444 and let us show you how Ridgeline Construction can build your dream.
